

# Spike Summary Report

---

**Spike:** Task\_07

**Title:** Tactical Analysis with PlanetWars

**Author:** Thomas Horsley, 103071494

## Goals & Deliverables

**Aim:** The overall goal of the spike was to develop the skills necessary in writing a PlanetWars bot who's capable of using tactical analysis to inform it's decisions in the context of a strategic game model.

### Deliverables:

By date of submission, the following must be included:

- Agent code demonstrating simple use of tactical analysis
- A baseline (no tactical analysis) bot for performance benchmarks
- A submission report containing tactical-analysis-bot performance benchmark data
